

Kite Surfing Guidelines

SAFETY WARNING

PUBLIC

- When watching kite surfers please stay behind(upwind) of them
- Don't cross the Kitesurf Zone
- Don't try to catch the lines or bar of a released kite
- When walking or driving on the beach please watch for kites, lines and other equipment
- Kite lines can be up to 40m long, be aware of Kite and Rider
- If you want to learn about Kite Surfing, don't learn by yourself... Contact a Kitesurf School

KITESURFER

- Respect other beach users.
- If there is a Kite Zone please rig, check and launch within the area.
- Seek local knowledge if you have never sailed here before
- Look before you launch.
- When launching or being launched check for people and hazards.
- Use a proper functioning Quick-Release system with a compatible kite leash.
- Always wear a helmet if you are using a board leash
- Be especially aware of swimmers and other water users
- Never approach and jump upwind of swimmers
- Kitesurf safely and enjoy yourself
